

WISHED AFTER \$106,000 DEAL

Involved in \$3,000,000 deal. Had Ready Money. Investigators Learn.

Oct. 25. — Eight Charles V. Bob, missing, dropped out of Chicago he sold his entire International Chronometer, one of his numismatic, for \$106,000, it today.

Investigators in the Attorney General's office said, that Bob had stopped payment on a check to Piperino & Co. a Chicago firm which was from the Curb Exchange. Previously it was said that the check had been cashed by Bob's father, but was short of \$106,000.

SCUSED OF PEDDLING OF COOKING BRANDY

Arrested; Steps to His Permit to Obtain Contemplated.

who according to agents has been selling cooking brandy he is licensed to sell a pint, was arrested under Deputy Administrator Dillon. Warrants charging sale under the Jones act, and possession, were issued.

SACRIFICE REPORTED

Boy, 7, in India, said to donors of Black Magic. India, Oct. 25.—A 7-year-old boy is reported to have sacrificed in India with practice of black magic, Sambalpur district.

RES SKULL IN FALL

Man III, 14, Hurt at Mexican Military Academy. Mexico, Oct. 25.—Frank J. III, 14-year-old son of Phelan Jr., 4875 Cornell University City, suffered a skull today in a fall from a flight of stairs in the Mexican Military Academy where he is a student.

SID WIRT SPRECKELS LOSES COURT FIGHT OVER NECKLACE

Judgment for \$64,927 in Favor of Tiffany's Levied Against Her.

SAN FRANCISCO, Oct. 25.—Sid Wirt Spreckels, once a Turkish prince, yesterday lost another legal fight, when a Superior Judge here levied a \$64,927 judgment against her in favor of Tiffany's of New York and London. The judgment was for a pearl necklace purchased by her in London 10 years ago.

Old Girl Struck by Auto

Woman Van Sickles, 5 years old, 240 South Fourth street, suffered head injury yesterday afternoon when struck by automobile while crossing the street in front of 2409 South Broadway. John Hensch, 6441 Idaho avenue, was the driver.

HAMILTON-BROWN DIRECTORS PLAN NEW STOCK ISSUE

Meeting of Shareholders Is Called for December 4 to Vote on Refinancing Proposal.

PURPOSE IS TO END RECEIVERSHIP

If Project Goes Through Trust Estate of Late A. D. Brown Probably Will Lose Control.

Stockholders of the Hamilton-Brown Shoe Co., which has been operating under receivership since May 27, have received notices of a special meeting of stockholders to be held Dec. 4, to consider issuing 100,000 additional shares of common stock.

William R. Gentry, receiver appointed by Federal Judge Davis, said the new stock issue is part of a refinancing program by which it is proposed to lift the receivership. Details of the plan are being worked out by directors.

John W. May, acting president of the company, declined to discuss the plan, referring inquiries to Lake E. Hart, attorney for the directors, who is out of the city. The stockholders' meeting was called by a majority of the board of directors. Besides May, those whose signatures are attached to the notice are W. L. Bruns, acting secretary; David Spathe, Joseph Wenzel, Ralph H. Bruns, and A. D. Brown, former president of the company and son of A. D. Brown, co-founder of the company.

200,000 Shares Outstanding. The shoe company has outstanding at present 200,000 shares of common stock, of which 101,000 shares are held by the A. D. Brown Trust Estate, in which his four daughters, Mrs. William F. McElroy, Mrs. William D. Collins, Mrs. Robert C. May, and Mrs. Joseph Wenzel, are participants. Another 18,000 shares are held by Alanson C. Brown and 2000 by his wife. The stock was quoted yesterday on the St. Louis Exchange at 25 bid, 3 asked.

It is reported that the heirs of A. D. Brown are divided as to the advisability of the refinancing proposal. In the past some of them have advocated liquidation. Guy Wenzel, attorney for Mrs. McElroy, would not discuss this saying he had nothing to do with the refinancing plan.

If the proposal is approved it seems likely the Brown trust estate will lose controlling interest in the company. At present it holds a majority of the stock. The refinancing plan prepared by the directors, if adopted, would empower the directors to enter into whatever agreements may be necessary to sell the stock.

Report on Outlook Soon. A New York firm of business engineers, which has been making a survey of the company's business at the direction of the receiver, will determine whether it can continue in operation and pay 100 cents on the dollar to its creditors.

No allegation of insolvency was contained in the petition for a receiver filed by a Chicago bank. The charges, admitted by the company, were that creditors claims amounted to more than \$2,000,000 and that the company was unable to meet those obligations.

The company, once the largest in its line in St. Louis, now has assets of \$6,633,567, according to an inventory filed in Federal Court by the receiver.

SID WIRT SPRECKELS LOSES COURT FIGHT OVER NECKLACE

Judgment for \$64,927 in Favor of Tiffany's Levied Against Her.

SAN FRANCISCO, Oct. 25.—Sid Wirt Spreckels, once a Turkish prince, yesterday lost another legal fight, when a Superior Judge here levied a \$64,927 judgment against her in favor of Tiffany's of New York and London. The judgment was for a pearl necklace purchased by her in London 10 years ago.

Old Girl Struck by Auto

Woman Van Sickles, 5 years old, 240 South Fourth street, suffered head injury yesterday afternoon when struck by automobile while crossing the street in front of 2409 South Broadway. John Hensch, 6441 Idaho avenue, was the driver.

\$1,000,000 Donor to Cancer Research

MRS. GRACE I. CONNORS. WIDOW of William J. (Fingie) Connors, New York State Democratic leader, who has offered her \$1,000,000 Long Island mansion to Dr. Walter B. Coffey and John Humber of San Francisco for their use as a cancer research institute, which would be one of the most complete in the world.

SAYS AVERAGE PERSON EATS 3 TIMES NECESSARY AMOUNT

Illinois Health Official Declares Diet Must Be Reduced Gradually.

"The average person eats three times as much food as is necessary," Dr. Albert C. Baxter, assistant director of the Illinois Department of Health, said yesterday in an address at East St. Louis.

Reduction in the diet of certain foods, not always the same for everyone, and moderate exercise is the only correct way to reduce weight, and the reduction should be made gradually. Often, one item of food, such as butter or cream, if eliminated from the diet, has been known to reduce a person one-half pound a day, Baxter declared.

The speaker criticized the "rapid weight-reducing fads," saying they were injurious to health. "Single-food diets, such as eating nothing but spinach or orange juice three times a day are extreme, dangerous and will leave you undernourished," Dr. Baxter said.

Improper food, setting up a toxic condition, causes cancer and 75 per cent of the cases are persons suffering from obesity.

Swimming is the best possible exercise for fat and lean people, Dr. Baxter said. For thin persons, swimming, especially in cool water, stimulates the growth of fatty tissues just underneath the skin. For fat persons, the exercise, preferably in a warm water, reduces the tissue by oxidation.

Dr. Baxter spoke at the conference of the Vocational Home Making Teachers.

CARDINAL HAYES ASSAILS LITERATURE AND THE STAGE

Says They Have Reached Lowest and Most Carnal Period in History; Praises Movies.

By the Associated Press. LOS ANGELES, Cal., Oct. 25.—Motion picture productions were praised, and the stage criticized yesterday by Cardinal Hayes of New York, here to dedicate St. Vincent's Church in a solemn Pontifical Mass tomorrow.

"Although modern literature and the stage have reached the lowest and most carnal period in history," Cardinal Hayes said, "the motion picture, through the leadership of Will Hays and the generally high aims of film producers, stands out like a shining light of great potential goodness in America."

"The motion picture," he said, "under continued able direction can play a great part in the education and development of better American citizens. Let us pray it does not fall under the same influence as the stage."

In the case of the stage and literature, where proper supervision has not been exercised, both producer or author and the public are to blame. Many producers and authors feel the public likes foul productions, and they are thrown before the eyes of all, utterly disgraceful. Many consciences have been guided, and I feel that motion picture producers have that attribute, but pictures must be kept in the right direction."

CARLOAD OF BEER AND LIQUOR SEIZED ON TRACKS HERE

Consigned to Same Fictitious Lumber Company as That to Which Previous Cargo Was Billed.

LISTED AS LATHS AND SHINGLES

800 Cases of Brew; 200 of Whisky Shipped From Canada Valued at \$25,000, Dry Chief Says.

A carload of Canadian beer and liquors, seized yesterday by Federal prohibition agents, was consigned to the same fictitious lumber company as another carload of which agents seized a half portion 10 days ago in a warehouse at 8 South Second street.

Both shipments were consigned from the Forest Products Co. of Vancouver, B. C., to the Chicago Lumber Co., at Chicago. In both cases the shipment was rebilled at Minneapolis as 1300 bundles of shingles and laths and consigned over the Canadian Pacific to the T. Bruns Lumber Co. of East St. Louis, an apparently fictitious name.

After agents had seized the half carload at the South Second street warehouse, they located the car but found that it had been unloaded. For the second shipment, however, they had information which enabled them to watch the car from the time it was spotted on the North Market street team tracks of the Wabash, Wednesday, until it was seized last night after a vain wait for its consignees to come and unload it.

Deputy Administrator Dillon said that behind the shingles and laths in the doorways were piled approximately 800 cases of beer and 200 cases of whisky. He placed the value of the shipment at bootleg prices at approximately \$25,000. The beer was labeled Pilsener Lager. The liquors included Old Scotch Whisky, Four Aces and Bardinet brandies and assorted liquors.

The source of the information which made the seizure possible Dillon declined to say. He said it is understood to be the same that enabled him to seize the liquor in the warehouse on Second street.

The shipment was guarded last night by prohibition agents armed with riot guns against the possibility of an attempt by bootleggers to seize the car and unload it. During the night it was moved to the Humboldt yards of the Wabash at 2200 North Broadway. An order for its destruction was issued today by Federal Judge Fries.

NEGRO DRIVER ADMITS THEFT OF SEVERAL THOUSAND BRICKS

Four Men to Whom He Says He Made Sales Also Are Arrested.

The disappearance of several thousand bricks, reported by the Hydraulic Press Brick Co., 1337 South Kingshighway, was explained yesterday with the arrest of a Negro wagon driver and four men who are said to have bought bricks from him, one of them having built a brick garage. Warrants charging the purchasers with receiving stolen property will be sought.

The Negro employee, watched by detectives, was arrested as he started to unload 800 bricks in the rear of 2229 Cooper street. He was asked by Charles Thomas, 3227 Laclede avenue, and admitted, police reported, that he had stolen the bricks and was to receive 80 cents per 100 for them.

Others held for buying the stolen bricks were arrested when the Negro implicated them.

CURTIS RETURNS TO BOYHOOD SCENES TO MAKE SPEECH

Addresses Audience at Site Where He Learned to Read in Indian Mission.

By the Associated Press. COUNCIL GROVE, Kan., Oct. 25.—Vice President Curtis came here yesterday to make a political speech, returning to the scene of the mission he left when 8 years old to walk 67 miles with news of an Indian disturbance.

Memories of the days when he learned to read and write in the Indian mission were so poignant that he was unable to make his scheduled political speech.

Facing an expectant audience, ready for a Republican address, the Vice President apologized: "I came here for the purpose of making a political speech, but I give you my word I can't do it," he said.

Suicide Found Stuck in Mud.

By the Associated Press. POINT PLEASANT, O., Oct. 25.—The body of Edward Stuebel, 37 years old, retired farmer, was found here yesterday standing straight up and covered with water in Big Indian Creek. Officials said Stuebel evidently leaped off the bridge, 40 feet above the water level. His feet and legs were mired in the bed of the creek and held the body in an erect position. Relatives said Stuebel was despondent because of illness.

D. W. MORROW IN SPEECH O K'S 'BUY NOW' CAMPAIGN

Asserts People Must Get in Close Contact With Business and Start Ball Rolling.

By the Associated Press. NEWTON, N. J., Oct. 25.—Dwight W. Morrow, Republican candidate for the United States Senate, endorsed the "buy now" campaign in a speech here last night.

"Too many men and women have put off buying because they lost money last fall," he said. "Too many people are groaning over market losses that are nonexistent. This propaganda of hoarding money must cease. People must get into close contact with business and start the ball rolling."

"Depression has taken its course, but it is now near the end. We have had good times and we shall still have them, and under present conditions we shall soon have them. Our people have plenty of money in the bank, but they have lost confidence and will not invest it. In the olden times people had hardships and sacrifices. Their travail taught them how to overcome those hardships. That's just what we have to do today."

FINAL EVIDENCE FOR CHANGE OF VENUE IN LIGHTING CASE

Case Continued Until Wednesday, When Defense Attorney Will Offer Arguments.

Final evidence in the change of venue hearing in the lighting case was presented to Circuit Judge Green yesterday and the case was continued until next Wednesday at 2 p. m. when defense attorneys will offer arguments in support of their application to have the case tried in an out-state court.

The defendants, A. M. Ryckoff, Chicago contractor; John C. Pritchard, former director of Public Utilities; and George B. Heath, former electrical engineer for the utilities department, have alleged that a prejudice exists against them in St. Louis which would prevent a fair trial on the charge of having obtained \$157,064 from the city by false pretenses through overcharges on a street lighting contract.

Yesterday and Thursday defense attorneys read into the record copies of news stories and editorials about the Ryckoff case in their effort to show that newspapers have solidified public opinion against the defendants.

CHIEF OF STAFF TO EXPEDITE WORK AT SCOTT FIELD

Tells Senator Glenn That Contracts for New Barracks Will Be Let Next Week.

WASHINGTON, Oct. 25.—Major-General Charles P. Summerall, Army Chief of Staff, today promised Senator Glenn of Illinois that the \$125,000 contract for the last session of Congress for barracks at Scott Field, Ill., be made available soon. Glenn, a member of the Senate Appropriations Committee, asked about the delay in letting the contract for the new buildings a measure of unemployment relief in the East St. Louis area.

Gen. Summerall said he would have complete plans for the improvements at his desk Monday and that he would advise for bids the latter part of next week. He assured Glenn that he would take a personal interest in the Scott Field work.

THREE TIMES AS MANY APPLY FOR AID AS DID LAST YEAR

Providence Association's Figures Show 468 Families in October So Far.

Nearly three times as many applications for assistance have been received from needy families so far in October as during the same period of the month a year ago, it was announced today by officers of the St. Louis Providence Association.

The rate of application is greater than at any time since last February, it was stated. During the first 23 days of October, 468 families applied for help, against 166 for the corresponding period in October, 1929.

Expenditures for relief, during October amount so far to approximately \$6000 and are expected to reach \$9000 by the end of the month. This will mean an over-expenditure for October alone of \$1300, despite the apportionment of special emergency gifts which, since July 1, have amounted to \$4650.

\$30,000 ALIENATION VERDICT

Former Husband Attorney for Defendant in Suit.

By the Associated Press. MOBILE, Ala., Oct. 25.—With her former husband, George H. Stanton, Great Falls, Mont., as her leading defense counsel and her present husband, William S. Campbell, a court spectator, Mrs. Dorothy Potter Stanton Campbell, New Orleans, yesterday was ordered by a Superior Court jury to pay \$30,000 to Mrs. Rita Cox, plaintiff in a suit charging alienation of affections.

Mrs. Cox is the divorced wife of L. H. Cox, an attorney of Okmulgee, Ok., whose affections Mrs. Cox alleged Mrs. Campbell alienated. The case was first tried last April, a verdict of \$50,000 in favor of Mrs. Cox being set aside by Judge Walter A. White as excessive.

BURROUGHS ADDING MACHINE HEAD DIES

Joseph A. Boyer, 82, Chairman of Board and Formerly President.

By the Associated Press. DETROIT, Mich., Oct. 25.—Joseph A. Boyer, 82 years old, chairman of the board of the Burroughs Adding Machine Co., died here yesterday afternoon. He had been ill with pneumonia six days.

Born in Peckering, Ont., in 1848, Boyer developed skill in mechanics while a boy, during his early life he produced a number of inventions, chief of which was the pneumatic hammer, since a most important factor in manufacturing and construction.

It was while he operated a machine shop in St. Louis, Mo., started in 1866, that he invented the pneumatic hammer. It was also there that he first became associated with William Seward Burroughs, who made the first Burroughs adding machine in 1884.

In 1888, Boyer formed the Boyer Machine Co. to manufacture the hammer, air drill and railway recorder which he had invented in his machine shop. Eleven years later, that company was moved from St. Louis to Detroit and merged with the Chicago Pneumatic Tool Co.

In 1898 Boyer first became officially connected with the company manufacturing computing machines. The firm then was known as the American Arithmometer Co. and Boyer was elected vice president and director. In 1903 it was elected president and two years later the company was moved from St. Louis to Detroit. In 1905 the Burroughs Adding Machine Co. was organized here to supplant the arithmometer company and Boyer was elected president. He served in that capacity until 1920 when he was elected chairman of the board.

He is survived by four daughters, Mrs. Henry E. Candler, Mrs. R. Boyer Miller and Mrs. Stanley Backus, Detroit; and Mrs. Harold S. Chase, Santa Barbara, Cal., and a son, Frank H. Boyer, Los Angeles.

CONFEDERATE FLAGS DRAPE STATUE OF ROBERT E. LEE

War Banner Presented to Washington and Lee University by U. D. C.

By the Associated Press. LEXINGTON, Va., Oct. 25.—Robert E. Lee's recumbent statue today lay draped with flags which Lee led to battle. At a ceremony in the Lee Chapel yesterday, eight flags were presented by the United Daughters of the Confederacy to the trustees of Washington and Lee University, to be kept in the museum near the statue.

John W. Davis, Democratic presidential candidate in 1924, received the flags for the university trustees from Mrs. Charles G. Bolling, president of the Virginia U. D. C. Forty years ago the United States Government returned to the South the captured flags. Mrs. Bolling asked for some of them, and the Confederate Memorial Literary Society consented to give her eight for the chapel, and these were presented yesterday.

FASTER TRAINS TO NORTHWEST

The Empire Builder and Olympian Cut Running Time.

By the Associated Press. CHICAGO, Oct. 25.—Faster schedules to the Northwest Pacific Coast are announced by two railroads. The Great Northern states the running time of the Empire Builder between Seattle and Chicago has been reduced three hours eastbound and one hour westbound. The new schedule calls for a 58-hour run from Portland and Seattle to Chicago and 59 hours and 45 minutes westward. The eastbound schedule has been cut 10 hours in little more than a year.

William B. Dixon, general passenger agent of the Chicago, Milwaukee & Pacific, announced the schedule of the Olympian had been cut to the running time of the Empire Builder.

JOURNALISTS' COURT OF HONOR

International Federation Creates Body to Meet at Hague.

By the Associated Press. BERLIN, Oct. 25.—An International Court of Honor for Newspaper Men was created in a resolution adopted last night by the International Federation of Journalists. The statutes of the court state that freedom of the press is the rock foundation of journalism. The court is expected to sit twice annually at The Hague and will have power to decide cases affecting journalistic ethics and honor. Power is given to it to declare unworthy of belonging to the profession any journalist found guilty of dishonorable conduct.

EQUITY RECEIVER NAMED FOR E. R. DIGGS & CO.

Will Conserve Assets of Investment Firm and Prevent Disasters of Forced Sales.

By the Associated Press. NEW YORK, Oct. 25.—An equity receiver was appointed yesterday in Federal Court for the investment banking firm of E. R. Digs & Co., which has branches in Chicago, St. Louis, Baltimore and Newark, N. J. The receiver was appointed on petition of the Twentieth Century Press, to which \$3322 is due. The petition listed the assets of Digs & Co. as \$4,375,000 and liabilities at \$3,600,000.

Both the petitioner and Digs & Co. said the latter corporation is solvent, but forced sales would prove disastrous in the present time of depression and the receivership would result in a conservation of assets. The Irving Trust Co. was named receiver.

Killed While Hunting Hawks.

By the Associated Press. WEST PLAINS, Mo., Oct. 25.—W. H. Stephenson, prominent stock farmer living near here, was found dead near his home yesterday. The body was found by Mrs. Stephenson. He was hunting hawks and it is presumed tripped, causing the shotgun he was carrying to discharge.

LIABILITIES \$23,000, CASH \$10

Baers Dress and Coat Shop Files Bankruptcy Petition.

A voluntary petition in bankruptcy was filed today in Federal Court by Philip Baers, doing business as the Baers Dress and Coat Shop, 6311 Delmar boulevard, University City.

Liabilities are listed at \$23,136, of which \$13,646, for merchandise, is unsecured. The secured claims amount to \$8965. Assets are given at \$9501, of which \$7275 is in stock and \$2226 in equipment. There is only \$10 in cash.

PROFITS ARE TAKEN; STOCK LIST CLOSES AT DECLINE

Losses Mainly Fraction to Point or So on Heavy Close—Trade Is Light—Case to New Low on Movement.

By the Associated Press.
NEW YORK, Oct. 25.—The stock market once more showed inability to accomplish more than a two-day rally today, but most of the advances of the past days were well maintained.
Inasmuch as the market has not closed higher more than two successive days in more than two months, Wall street was not surprised. Furthermore, it is not unusual for advances to be halted on the last day of the week, as in-and-out traders are anxious to take profits before the weekend closing. Two or more farm implement shares were conspicuously weak, but losses elsewhere were mostly from fractions to a point. The closing tone was heavy. Trading was light, sales approximately 1,200,000 for the two-hour session.
The steel shares continued to reflect the reassuring surveys of the industry before the American Iron and Steel Institute yesterday. U. S. Steel and Bethlehem both closed fractionally higher. Other shares showing slight gains included North American, Corn Products, Radio Keith, Texas Corporation and Westinghouse Electric. Several gains of 1 to 2 points were recorded in the first half hour, but these were mostly lost before the close.

Case Down 12 Points.
Case, frequently a wide mover, was a weak feature, tumbling more than 12 points to a new low. International Harvester lost 3 points, and Allied Chemical declined as much. Foster Wheeler and Stone and Webster lost about 2.

Shares closing a point or so lower included General Electric, American Telephone, Woolworth, American Can, Erie, Air Reduction, Union Carbide, General Motors, Kennecott and Safeway. Montgomery Ward declined a point to a new low at 19 1/2. After selling off, it evidently reflected the dividend omission.

A bright spot in the day's news was a report indicating slight acceleration of steel mill activity in Youngstown area next week. Wall Street was most impressed by it, however, in view of yesterday's statements of executives at the Iron and Steel Institute, indicating expectations of little change until after the turn of the year. The seasonal buying of rails has been disappointing to the steel trade, having attained only about half the volume of 1928 or 1927 at this time. The reduced earnings of carriers have tended to restrict buying.

Mercantile Reviews Comment.
The weekly mercantile reviews reported that the colder weather had stimulated sales of seasonal merchandise. Also, they were in agreement with recent analyses indicating that a change in trend has probably occurred, but that upward progress will be slow. Commercial failures for the past week, as reported by Dun's, were unfavorable, numbering 491, against 460 for the previous week and 455 a year ago.

New commercial car registrations as reported from 25 states for September disclosed an interesting change of trend, with a gain of 6.6-10 per cent over August, although 29 per cent below September, 1929. If this tendency is borne out when all states have reported, it will be the first time in four years that September truck sales have exceeded August.
The commodity markets were mixed. Cotton closed firm, 45 cents a bale net, higher, but wheat and corn lost about a cent a bushel. Wheat was influenced by a bearish South American export estimate, and corn reflected decline in the Argentine market. Foreign exchanges were quiet, most changes narrow. Sterling held about steady. The Spanish peseta continued to recover.

COPPER FOR EXPORT CUT TO 9.80 CENTS

By the Associated Press.
NEW YORK, Oct. 25.—Copper exporters, Inc., today reduced the price of foreign copper one-half a cent to 9.80 cents. C. I. F. European basis.
The cut brought the foreign price of a parity with the domestic level to 2 1/4 cents for the metal, established yesterday when all producers and custom smelters reduced their prices to that figure. The reduction in the foreign price resulted in sales of 8,000,000 pounds of copper for export in the forenoon. Domestic buying was fair volume but not nearly as active as the foreign market.

Merger Is Announced.
By the Associated Press.
CHICAGO, Oct. 25.—The Abbott Laboratories of North Chicago, Ill., and the Swan-Meyers Co. of Indianapolis, Ind., announced today they will merge Nov. 1. R. M. Cain of Indianapolis, president of the Swan-Meyers will be vice president of the Abbott Co. Both groups make pharmaceutical and biological preparations.

TO BEARS LOSE TO OKLAHOMA AGGIES, 28 TO 7, IN FIRST VALLEY GAME

MUSSELE GETS TOUCHDOWN; WASHINGTON'S LINE FAILS

A Tough One.
History of the man who at single-handed built up at organization, the amateur athletic union of America, James E. Sullivan, the has insured this year, the outstanding of the year, both in command and sportsmanship. committee of award is go have plenty of grief over competition because the is practically limitless. are literally scores of men and women who must under consideration of the and, in the end, it is at the award will shimmer the man or woman who has the most records the year.

No Be Annual.
Conditions of the award are in the following letter writer of this column:

COMPETING athletes of the United States who by their performance and influence in the world of sport, and as a consequence, to the advancement of sports in the United States, are entitled to this award. It is important that you state names of the athletes who you believe are entitled to this award. It is important that you state names of the athletes who you believe are entitled to this award. It is important that you state names of the athletes who you believe are entitled to this award.

May Win.
USE of the surprising of women in fields of endeavor, and internationally, it is not astonishing if one weaker sex were given an award. It is an event, remarkable as have been by girl runner, Stella Walsh, the some remarkable feat in international competition. Madison, that wonderful swimmer of Seattle, who came in strongly for an, as well as for

NED BRANT AT CARTER

A Story of College Athletics

By BOB ZUPPKE

THE CARTER-BOWDER GAME IS ABOUT TO BE SENT ON ITS WAY BY THE OFFICIALS.

CARTER WINS THE TOSSE AND CHOOSES TO KICK.

WELL KICK. BOWDER WILL OPEN THE SCOUT! GOAL.

LET'S TAKE 'EM GANG!

AS CARTER'S LEFT END CRASHES INTO THE BOWDER BACKFIELD MAN, THE BALL POP FROM HIS GRASP AND BOUNCES CRAZILY ACROSS THE TURF.

RUMBLE! DIVE, NEQ DIVE!

GOOD OLD NEQ! COME ON, CARTER—TOUCHDOWN!

RACING DOWN THE FIELD AFTER HIS BEAUTIFUL KICK, NEQ GRABS THE FUMBLE AND WITHOUT CHUCKING HIS SHOULDERS BACKWARD AND GATHERING IN THE BALL ON BOWDER'S NEQ YARD LINE.

HIGH AND FAR WENT BRANT'S SPLENDID KICK, GIVING HIS TEAMMATES PLENTY OF TIME TO GET DOWN THE FIELD.

WISCONSIN AND PURDUE SHOW STRONG DEFENSE

THE LINEUPS

Wisconsin. Foster, Purdue, Gantenbein, I. E. T., Van Bibber, Swiderski, I. G., Stears, Kruger, R. G., Christman, Smith, T. T., Bostner, Casey, R. E., Calvert, Goldenberg, Q. B., White, Robb, A. H., Kiesel, Lashy, F. B., Horstman, LAFAYETTE, Ind., Oct. 25.—Purdue and Wisconsin were knotted in a scoreless tie at the end of the first half of their Big Ten football game in Ross-Ade Stadium today. Neither eleven produced a sustained offensive and fumbles were frequent.

FIRST QUARTER.
Neither Wisconsin nor Purdue was able to make a first down in the first half of the opening period. The Boilermakers gained some ground with risk doing most of the ball carrying, but the Badgers tightened up and Luby and McGee fumbled in midfield and Knab, Badger quarterback, recovered, but as the period ended, the Badgers were finding a hole through the right side of Purdue's line. Score: Purdue, 0; Wisconsin, 0.

SECOND QUARTER.
The recovered for a break in the second period when Wisconsin was penalized half the distance to the goal for roughness, giving Purdue the ball on the Badgers' 26-yard line. Risk shot a pass to Kiesel on the 15-yard line. A pass on the fourth down, however, was batted down by Redbols behind the goal line, to end the drive. Nothing like a sustained drive was produced and they finished the period still knotted.

Long passes were frequent and futile. Goldenberg grabbed a Purdue pass near the end of the period and ran it to the Boilermakers' 22-yard line, but a fumble ruined the scoring chance. Score: Wisconsin 0; Purdue, 0.

Purdue suddenly came to life in the third period and in two plays scored. Kiesel raced 15 yards to Wisconsin's 49-yard line, and on the next play snared a 25-yard pass from Risk and out-footed two Badgers over the goal line. Van Bibber place-kicked the extra point. Score: Wisconsin 0, Purdue 7.

FOURTH QUARTER.
The Boilermakers got a break in the fourth period when Wisconsin was penalized half the distance to the goal for roughness, giving Purdue the ball on the Badgers' 26-yard line. Risk shot a pass to Kiesel on the 15-yard line. A pass on the fourth down, however, was batted down by Redbols behind the goal line, to end the drive. Nothing like a sustained drive was produced and they finished the period still knotted.

Long passes were frequent and futile. Goldenberg grabbed a Purdue pass near the end of the period and ran it to the Boilermakers' 22-yard line, but a fumble ruined the scoring chance. Score: Wisconsin 0; Purdue, 0.

Risk shot a pass to Kiesel on the 15-yard line. A pass on the fourth down, however, was batted down by Redbols behind the goal line, to end the drive. Nothing like a sustained drive was produced and they finished the period still knotted.

Long passes were frequent and futile. Goldenberg grabbed a Purdue pass near the end of the period and ran it to the Boilermakers' 22-yard line, but a fumble ruined the scoring chance. Score: Wisconsin 0; Purdue, 0.

Purdue suddenly came to life in the third period and in two plays scored. Kiesel raced 15 yards to Wisconsin's 49-yard line, and on the next play snared a 25-yard pass from Risk and out-footed two Badgers over the goal line. Van Bibber place-kicked the extra point. Score: Wisconsin 0, Purdue 7.

FOURTH QUARTER.
The Boilermakers got a break in the fourth period when Wisconsin was penalized half the distance to the goal for roughness, giving Purdue the ball on the Badgers' 26-yard line. Risk shot a pass to Kiesel on the 15-yard line. A pass on the fourth down, however, was batted down by Redbols behind the goal line, to end the drive. Nothing like a sustained drive was produced and they finished the period still knotted.

RACING ENTRIES

At Latonia.

First race, \$1000, claiming, 2-year-olds. 1. Shadwell, 110. 2. My Last, 105. 3. One Last, 100. 4. One Last, 100. 5. One Last, 100. 6. One Last, 100. 7. One Last, 100. 8. One Last, 100. 9. ILLINOIS BISHOP ESCAPES FROM CHINESE CAPTORS

Streator Prelate Reported as
Being Safe Near Fuchow
— Wisconsin Priest a
Refugee Near Wuyuan.

NO WORD ABOUT MISSOURI MAN

14 Missionaries Held for
Ransom as Red Hordes
Loot and Burn Towns,
Killing Thousands.

By the Associated Press.
PEIPING, Oct. 25.—A dispatch to the United States Legation here from Frank P. Lockhart, Consul General at Hankow, today stated that the Rev. K. N. Tvedt and Miss Bergliot Eyensson of the Lutheran United Mission had been held prisoners by bandits at Looshan, South-east Honan, 20 miles from where the Rev. Nelson recently was captured.

Lockhart said he had received a letter from the captives. Evidently written to dictation stating they had fallen into the hands of the First Red Army who demanded ransom of \$400,000 silver (or \$200,000 American). The Rev. Mr. Tvedt is a Norwegian. Miss Eyensson has a brother in Seattle, Wash. The whereabouts of the American Catholic fathers, Thomas M. Megan and Joseph V. Hinkels, registered as in Looshan, is uncertain, but it is known that one foreign priest escaped by climbing the city wall just as bandits were entering the town.

By the Associated Press.
SHANGHAI, Oct. 25.—Advices to local headquarters of the Lazarist Mission from Nanchang said priests from that city had been informed by native Christians that Bishop Sheehan of Streator, Ill., was safe near Fuchow. Bishop Sheehan is thought to have escaped from Jacobow after Communists plundered the Lazarist Mission there. The advices said he was expected in Nanchang within a few days.

The local headquarters also received advices saying the Rev. Father Altenburg of Milwaukee, Wis., is a refugee at Wuyuan, Anwei Province, where with a French priest he is awaiting an opportunity to escape. Nothing is known of Leo Moore, Perryville, Mo., who also fled from Jacobow.

Loot and Burn Foreign Property.
Missionaries arriving from devastated areas said anti-American and anti-British Red armies were swarming over three provinces of China, killing thousands of natives. They were reported robbing and burning foreign as well as Chinese property, in a campaign against Christianity and capitalism, said to be inspired by Russian influences.

Many missionaries have fled and others, their missions destroyed, are held for millions of dollars ransom. The south half of China, said the missionaries, is in danger of turning communistic unless the Government sends at least 200,000 seasoned troops against bandits and Communists.

Arriving from Kian with demands for \$250,000 gold ransom for 14 missionaries held captive, Father de Jenlis, French, and Bishop Magnani, Italian, reported terrible conditions.

Twenty thousand Communists, said de Jenlis, captured Kian Oct. 5 and began systematic pillaging. 2000 Kian Residents Slain.
Two thousands Kian residents, de Jenlis estimated, were slain. 1000 in the first 10 days and 1000 after he left the city. Other reports had stated the number was at least 8000.

The terrified populace, said de Jenlis, was protesting Communism to avert massacre. He said fully half of Kian's Province's 30,000, 000 had declared themselves reds, as had similar proportions of the populace of Hupeh and Hunan. After being heated by reds with strips of iron, Father de Jenlis and Bishop Magnani were ordered to proceed on foot through bandit and Communist infested country to obtain ransom for 14 fellow missionaries.

At Nanchang, they were joined by Father Breucker, a Dutch priest, who escaped from Kian when it fell to Communists.

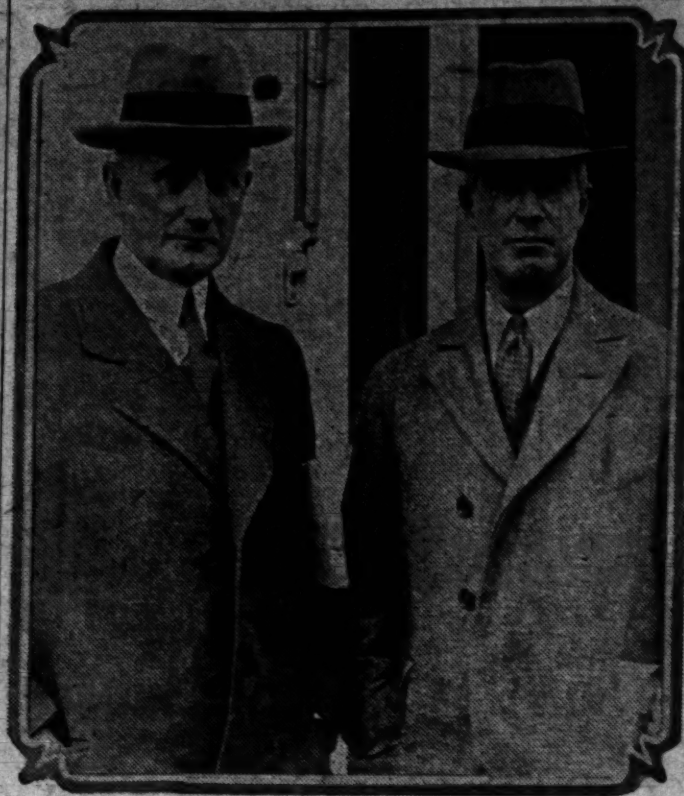

Ordered to Leave China.
Describing the entry of the Reds into Kian, Father de Jenlis said: "I managed to hide in the home of a Chinese Christian for five days before being captured, but Bishop Magnani and the other priests and Sisters were captured Oct. 5."

"The Reds evidenced a thorough organization, their leaders being outstanding Communist chieftains in China. They addressed their captives with 'Do not be afraid; maybe we won't kill you. However, you must leave China. We are not allowing the propagation of religion.'"

"The first few days the captives were herded into Chinese houses and closely guarded but each was well fed, being given the same food as Red soldiers. The Communist motto is 'Equality in everything for everybody.'"

"Later the male and female captives were separated (several names were among those captured), al-

DEMOCRATS REPORT \$596,375 DEFICIT

Most of This Is Carry-Over
From 1928 — Expenditures
This Year \$30,915.

By the Associated Press.
WASHINGTON, Oct. 25.—Expenditures of \$30,915 by the Democratic National Committee and of \$163,200 by the Republican Congressional Committee for the period between Sept. 1 and Oct. 22 were reported to the Clerk of the House yesterday.

The Republican Congressional Committee which is directing the campaign for House members employed most of its funds in Ohio, Indiana, Missouri and Kentucky. The money came from the Republican National Committee, which contributed a total of \$221,500 for the year. Total expenditures of the Congressional Committee for the year were given as \$201,440.

\$596,000 Deficit.
The report of James W. Gerard, treasurer for the Democratic National Committee, showed the Democratic congressional campaign chest was made up of a \$500 contribution by John W. Davis, Democratic presidential nominee in 1924, and a loan of \$30,000 from Chairman John J. Raskob. Virtually all of the expenditures listed were for headquarters office expenses.

Raskob also was listed as contributing \$1000 for the Democratic campaign in the first Connecticut district, \$1000 in the first Oregon district and \$500 in the third Kentucky district.

A deficit of \$596,375 for the Democratic National Committee, mostly coming over from the 1928 presidential campaign, was reported. Of this amount \$375,000 is due on a loan from the Bankers' Trust Co. of New York and \$220,000 on a loan from Raskob.

The Republican Congressional Committee sent \$12,500 into Ohio. The committee sent \$4000 for the Republican congressional campaign in Indiana.

\$7000 for Missouri.
A total of \$7000 was sent into Missouri and distributed among districts as follows: First, \$1000; fifth, \$1000; seventh, \$1000; eighth, \$1000; eleventh, \$500; thirteenth, \$1000; fourteenth, \$1000 and sixteenth, \$1000.

Among funds sent to various districts were:
Illinois, twenty-first, \$1000; twenty-third, \$1000; and twenty-fourth, \$1000.
Iowa, second, \$1000.

British Labor Leader Dies.
By the Associated Press.
LONDON, Oct. 25.—Harry Cross, Labor member in the House of Commons, died last night. He was Minister of Transport in 1924 and took a leading part in the dock strike of 1910. He was a temperance advocate.

though the treatment continued surprisingly considerate. Meanwhile, Red troops conducted a systematic looting which resulted in millions of dollars worth of merchandise and property being carried away and given to the poor. Kian is a wealthy city.

Ransom for Captives Demanded.
"On Oct. 13 the Reds informed Bishop Magnani and I that a ransom would be necessary if the captives were to be released. The chiefs stated we would be allowed to go to Nanchang and Kian to get \$10,000,000 as ransom. However, they offered \$1,000,000, or even \$500,000, would be enough."

"We were given Red passports (consisting of written statements bearing the signatures of Red chiefs that we were entitled to a safe journey). We also were supplied with three passports who were Red agents to certify that we proceeded according to instructions."

"We departed by boat Oct. 15 for Nanchang, thence by rail to Kian, and from there by steamer to Shanghai."

KATY RAILWAY OPPOSES COTTON BELT SALE

Vice President Willing to Approve Only if Existing Traffic Routes Are Maintained.

By the Associated Press.
DALLAS, Tex., Oct. 25.—The Missouri-Kansas-Texas Railroad yesterday offered formal opposition to the application of the Interstate Commerce Commission to the control of the Cotton Belt and to a less degree from the Cotton Belt, and it was necessary that this interchange be continued.

Unified control of the Southern Pacific and the Cotton Belt without the continuance of present routes would not be in the interest of the public because it would destroy competition between the Cotton Belt and Katy from Southern Pacific points to St. Louis and beyond, Atkins said.

The witness said his road already had suffered in Texas as a result of the Southern Pacific having taken over a road competing with the Katy and given its traffic to that road.

Atkins tried to build his case largely on the position which had been taken by the Southern Pacific in a previous case. He said that when the Kansas City Southern had asked to acquire control of the Katy and the Cotton Belt, Southern Pacific exercised had asked for an order forcing the roads to keep all gateways open.

In response to cross-examination from Southern Pacific attorneys, Atkins said his road would be willing to assume the same conditions and that he did not think it right to impose the restriction on one railroad without placing it also on competitors.

Witnesses for the Waco, Beaumont, Trinity & Sabine, a little line in East Texas, took up most of the day. Each predicted dire results for his community, its growing industries and agricultural endeavors, if the line should be abandoned. Arguing for the inclusion of the little road in the contemplated system, the witnesses told of undeveloped resources, which should eventually furnish considerable railroad revenue.

ALIMONY DODGER, 77, JAILED

Ordered to Complete Six-Month Sentence at Chicago.

By the Associated Press.
CHICAGO, Oct. 25.—William Hudson Donald, 77 years old, described as the oldest man ever to be sued for alimony, has lost his plea for freedom.

He was returned to the county jail yesterday to serve the best of a six-month sentence imposed Sept. 3, after his attorneys had tried before Judge William V. Brothers to obtain his release on the ground he needed medical attention.

To Address Y. W. C. A. Tomorrow.
Miss Elizabeth McFarland, continental secretary of the South American Y. W. C. A., will speak at the Y. M. C. A., 1411 Locust street, at 8 p. m. tomorrow. The public is invited.

DETROIT GRAND JURY URGES POLICE OUSTER

Recommends That Three Officials Be Removed Without Waiting for Final Report.

By the Associated Press.
DETROIT, Mich., Oct. 25.—Immediate removal of three high officials of the Detroit Police Department was recommended by the Wayne County grand jury yesterday.

The officers cited by the jury are Robert A. MacPherson, Deputy Chief of Detectives whom Patrolman Adolph Van Copenholle charged with shooting of a man; Inspector Henry J. Garvin last winter; Inspector Norval Mariett, head of the blackhand squad, and Detective-Lieutenant Max Waldvogel, also of the blackhand squad. Although the three-quarters of a planation of its recommendation, the statement had the effect of reviving the issue of internal discord in the police department which followed the shooting of Inspector Garvin last winter.

The only indicative matter furnished by the jury read as follows: "This grand jury is convinced that the above recommended changes should be made immediately and without waiting for the final report of the grand jury which will be made later."

Circuit Judge Lester S. Moll, supervisor of the jury, carried the recommendations to Mayor Murphy with whom the responsibility for action rests.

The grand jury's recommendations were made after William P. Rutledge, former Police Commissioner, had spent three-quarters of an hour testifying. Rutledge was commissioner when Inspector Garvin was shot and seriously wounded by gunmen on Jan. 2. After making the recommendations the jury heard the testimony of two newspapermen and adjourned until Monday.

Mayor Murphy told Judge Moll he would take no action on the grand jury's recommendation until he had received a statement of explanation from that body. Judge Moll is expected to go before the jury with the Mayor's request for information.

CHILD DIES OF BURNS

Lyle Montgomery, 6, injured by Kerosene Flaming
Lyle Montgomery, 6 years old, died at Deaconess Hospital yesterday of burns suffered Thursday when his brother, Edward, 10 years old, used kerosene to start a fire in a stove at their home in Wellston.

Lyle was seated in front of the stove and his clothing was ignited by flames from the blazing oil. A neighbor extinguished the flames and took him to the hospital.

PORTLAND (ORE.) ATTORNEY INDICTED FOR LIQUOR PLOT

He Is Charged With Directing Debauchery of Whiskey; 25 Others Are Accused.

By the Associated Press.
PORTLAND, Ore., Oct. 25.—Existence of a huge liquor conspiracy ring, operating in parts of Oregon and Washington, is charged in Federal indictments on which five of the 26 alleged conspirators were arraigned yesterday.

Walter L. Toose Jr., Portland attorney, among those indicted, got five days to enter a plea to the specific charge of directing delivery of 20 gallons of moonshine whiskey.

The ring, enforcement officers said, operated stills over widely scattered territory, centering its distribution system in Portland. Twenty-one of the 26 defendants are under arrest.

CHILD DIES OF BURNS
Lyle Montgomery, 6, injured by Kerosene Flaming
Lyle Montgomery, 6 years old, died at Deaconess Hospital yesterday of burns suffered Thursday when his brother, Edward, 10 years old, used kerosene to start a fire in a stove at their home in Wellston.

Lyle was seated in front of the stove and his clothing was ignited by flames from the blazing oil. A neighbor extinguished the flames and took him to the hospital.

GERMANS ASK THAT BRAZIL EXPLAIN SHOT FIRED AT SHIP

Berlin Press Demands Inquiry in Shelling That Killed 27 Persons, 18 of Them Women—Four Dead in Baden Crew.

REVOLT LEADERS SUMMONED TO RIO

Conference to Decide Future Administration With Capt. Tavora's Attitude Carefully Watched—Huge Following.

The Associated Press. BERLIN, Oct. 25.—The shelling of the German steamship Baden yesterday in the harbor of Rio de Janeiro, which caused the death of 27 persons, including 18 women, and the wounding of 18 others, has caused a great commotion in Germany. The Vossische Zeitung's correspondent at Rio de Janeiro reports that 27 persons, including 18 women, were killed in the shelling. Four of the Baden's crew were among the dead. The wounded were Spanish emigrants. The five of the passengers were injured.

It is felt here that the action of the Brazilian gunners in the Fort de Copacabana who fired the shot which sank the Baden yesterday is in itself a serious matter. Brazilian political figures who were at the time, fleeing from the military coup d'etat which overthrew the Government, are now in Washington. The Brazilian Government has no direct news dispatch from Rio de Janeiro, presumably because of the strident opposition of the military Junta—and the Foreign Office has had only fragmentary news from German envoys in Brazil.

Advices from the German Legation in the Brazilian capital relate that a shell from Fort Copacabana hit the Baden yesterday afternoon, and caused the death of 27 persons, including 18 women, and the wounding of 18 others. The whole affair is unexplained, since no direct news dispatch has come from Rio de Janeiro. The Brazilian Government has no direct news dispatch from Rio de Janeiro, presumably because of the strident opposition of the military Junta—and the Foreign Office has had only fragmentary news from German envoys in Brazil.

Advices from the German Legation in the Brazilian capital relate that a shell from Fort Copacabana hit the Baden yesterday afternoon, and caused the death of 27 persons, including 18 women, and the wounding of 18 others.

The demand for an investigation of the fact that the ship was brought out not only as a German vessel, but also in the interest of Spanish citizens who had chosen a German ship to go to their homeland and to be landed before reaching it.

While some commentators assume that the nervousness of a fortress commander may have been responsible, or new and ill-trained troops may have been at the helm, it is held that the large number of casualties calls for punishment of the guilty.

The Baden, outward bound for Hamburg, is a vessel of 8500 tons, originally was intended for New York service.

Sao Paulo Outbreaks Costly Damage \$1,000,000. By the Associated Press. SAO PAULO, Brazil, Oct. 25.—With three persons killed and wounded in the riots here yesterday, the change in government in Brazil yesterday, Sao Paulo saw a continuation of destruction that has caused property damage of \$1,000,000. Police thought last night, again this morning that they were considering the disturbances, at the fall of the Federal administration and the state government, but tonight it was said that the disturbances were responsible for most of the trouble. The
